

THE 2009 DONZI 16 Classic

Arguably the most recognizable fiberglass boat ever created, Donzi's 16 Classic boasts a pedigree like none other. Don Aronow launched his first Donzi "Sweet 16" in early 1964, inspiring an industry and creating a worldwide fan base that spans generations and continues to grow.

From the rakish, low-slung looks to the "tuck & roll" upholstery, Donzi has kept all the details true to the original blueprint. With classic lines and inimitable styling cues, with one glance everyone knows she's a Donzi. Yet, don't be fooled – great looks are only half of the story. With its unique combination of vintage hull design paired with ample power, today's 16 Classic offers white-knuckle thrills and a high-speed ride like nothing else on the water!
