

## THE 2009 DONZI 26 ZF

Donzi's 26 ZF was designed to bring big-boat handling and features within reach, in an easy to trailer, easy to love 26-foot package. Donzi's proven ventilated step running surface and twin-engine muscle combine for a smooth, fast, dry ride, and like all Donzi's ZF models, the 26 ZF is loaded with thoughtful features throughout.

The 26 ZF features a wide-open cockpit designed especially for the offshore angler. A flat floor runs the entire length of the cockpit for wide-open, 360-degree fishing. All hardware is flush mounted so there will be no snags when it comes time to land your trophy fish. The 26 ZF's wide beam means extra stability and plenty of room to move about.

With its nimble sports car handling and surprising speed, the 26 ZF invites you to explore new horizons while pampering you with its smooth, dry ride.

# DONZI
