

THE 2009 DONZI 29 ZF Open

Donzi's 29 ZF Open comes armed with well-designed features such as insulated fishboxes beneath the aft cockpit sole, and a 50 gallon illuminated livewell with high volume pump system tucked away beneath the aft seat. There are four standard rod holders mounted in the gunnels, four more built into the helm seat, and an additional four on the t-top. You'll find a removable cooler beneath the forward console seat, and a tackle box built into the console. The cockpit sidewalls contain integrated rack storage for eight fishing rods, and all floor hatches are held fast with stainless steel dog-down latches.

The Donzi 29 ZF handles the seas with ease and in fact feels like a much larger boat. Its nimble sports car handling and surprising speed invite you to explore new horizons while pampering you with its smooth, dry ride.

DONZI
